

# Being a Volunteer

Donating your time as a volunteer means a lot to us at NWCRF, whilst we don't have shops we do have committees across the region who do lots of fundraising activities for us. If you have an idea for fundraising, want to join a committee or just want to help out but don't know how, give us a ring and we can have a chat.

“*Being a volunteer member of NWCRF has been such a rewarding experience for me, meeting new people, learning new organisational skills and having fun along the way. I encourage anyone, young or old, with a little time to spare to consider getting involved with their local branch!*”
